

# Master of Business Administration with specialization in Project Management

## 39 credits

### Specific Program Admission Requirements

1. Successfully completed a bachelor's degree in the same area of specialization or completed six (6) college-level credits in financial accounting from an accredited school.
2. If this prerequisite is not met the student must enroll in the course ACCO 500. ACCO 500 will not count for the student's cumulative grade point average.

### Program Description

The Master of Business Administration with a specialization in Project Management prepares students with knowledge, skills, tools and techniques in order to meet the expectations of a project, achieving the benefit of increasing the efficiency of processes, of work groups, and companies. The program integrates concepts related to the design, evaluation, measurement, control and adaptation of projects from the beginning to their completion. Additionally, students will develop skills for decision-making, strategic planning, human resource management, and project risk management.

### Program Objectives

1. Promote the formation of a leader with the capacity to understand organizations as entities in themselves and as an integral part of the national and international community, meeting the need for changes and innovation of companies by the accelerated growth of technological development.
2. Establish strategic alliances with members of the business and educational sector.
3. Make efficient and effective use of resources within the timeframe, costs, scope, and human resources to achieve high-quality standards.
4. Improve the students' leadership skills in such a way that it optimally harmonizes the talents and skills of the human resources team under their direction.
5. Highlight in the future professionals the importance of integrity in the performance of their duties, with special attention to the welfare of the company's human resources and the benefit of the community in general.
6. To train leading adult professionals with management skills to face the new challenges of project management in both public and private organizations.
7. Develop students' communication, analysis, and synthesis skills in order to make the decision-making process efficient and easily understood.
8. Promote the use of technological resources to develop analytical skills and capitalize on opportunities and threats from globalized markets.
9. Promote the exchange of experiences, criteria and knowledge transfers in the management of projects of organizations.

Program sequence will be available at the time of enrollment.

The language of instruction and program delivery modality are subject to availability.

### Notes:

1. ACCO 500 Financial Accounting is required for those students who do not have a minimum of six (6) college-level credits in financial accounting from an accredited school. Successful completion of ACCO 500 (or verification of six (6) college-level credits in financial accounting) is a prerequisite required before entering any ACCO or FINA course. Students who do not have six (6) college-level credits in financial accounting are required to successfully complete ACCO 500.
